TAXATION ENQUIRY BOARD

Announcement of the appointment of "The Alberta Taxation Enquiry Board," which will make a thorough survey of all fields of taxation, provincial and municipal, was made by Hon. R. G. Reid, provincial minister of municipal affairs.

The personnel of the board will include the three members of the present Alberta assessment commission, namely, W. D. Spence, John Gair and J. J. Duggan, together with J. F. Percival, deputy provincial treasurer and J. C. Thompson, provincial auditor. The chairman of the board will be Mr. Percival, and Hugh Baker, who for seven years was in the Alberta government offices in London, England, and has recently returned, will be secretary.

The first commission of this kind was the Tory Commission, headed by Dr. H. M. Tory, former president of Alberta University. Last year the schedules of the Tory report were brought up to date and presented to the legislature. It has been the feeling of the government, however, stat-

ed Mr. Reid, that with the condition greatly changed since that commission was set up, and with new "economic" factors entering into the picture, a complete re-survey of the taxation situation was advisable.

In considering the constitution of the new board, due regard was had to the fact, said Mr. Reid, that, by including the members of the present assessment commission of the province, representation was provided for both urban and rural interests, since that principle prevailed when first the present assessment commission was named some years ago.

Opportunity will also be afforded to individuals and organizations interested in matters of taxation, to bring forward suggestions and material of use to the commission.

The members of the Hillcrest Ladies' Aid of the United church, wish to thank all those who helped to make their sale a success. They especially wish to thank Messrs. Joe Atkinson and Angus Grant for their assistance. The sum of \$170 was realized.

CHRISTMAS CHEER COMMITTEE ORGANIZED

On Friday evening last, in the council chamber, a large group of citizens assembled to discuss some way of centralizing all Christmas relief so as to provide in the most efficient manner possible for needy families, and thus avoid cases of overlapping, where, as in former years, sometimes two of three organizations sent hampers to the same home. All groups and interests were represented at the meeting and the decision of these present was unanimously in favor of forming a central committee to dispense Christmas cheer, not only to the families of those unemployed but to every home where such relief was needed. Minors' union organizations, the lodges, town council and churches were all represented. As the result of the unanimous support given to the idea, a committee of five was elected with full power to act. The five elected were, Mayor Knight, chairman; Rev. A. E. Larke, secretary-treasurer; R. Oakes, J. Krkosky, Jr., and P. Baratteli.

After the general meeting was adjourned, the committee of five held a meeting. The Mayor, Mr. Knight, and Rev. A. E. Larke, were appointed a finance committee, with full power to disburse the fund and sign all cheques. The secretary was instructed to appeal to all the organizations and groups of employed for donations to the fund and through the courtesy of the press to solicit individual donations. Any donations therefore may be made payable to Rev. A. E. Larke, secretary-treasurer. A representative in each society or group volunteered to solicit donations. It is earnestly hoped that any citizen who feels like rendering assistance to needy families at Christmas time will work through the committee, so as to avoid duplication of hampers.

At a meeting to be held on December 15th, any citizen may bring forward the name of any needy family for consideration. Your committee desires that no one should be overlooked.

LOCAL BANKER BEREAVED

Fred Holmes, cashier at the local branch of the Royal Bank of Canada, was called to his home in Okotoks on Sunday last through the serious illness of his sister, Miss Frances Christina. Miss Holmes, we regret to say, passed away on Monday of the age of twenty-one years. The remains were laid to rest at Okotoks yesterday. She is survived by her parents, Mr. and Mrs. Fred Holmes; two sisters, Grace and Kathleen, at home, and her brother Fred in Blairmore.

FROM THE NEW GLASGOW FREE LANCE

Westville, N.S., Nov. 24.—Mr. John D. B. Fraser has received a telegram from Coleman, Alberta, conveying the sad tidings that his brother James (better known as Jim) had passed away in the hospital in that mining town.

It is some thirty-one years since Jim left Westville. He planned on a visit to the old home town, but somehow did not make it. He was unmarried and 61 years of age. Mrs. R. H. MacKay, New Glasgow, is a sister.

Several auto accidents were reported over the week end.

Andrew A. Moore, editor of the Strathmore Standard and member of the executive of the Alberta Weekly Newspapers Association, died at Strathmore on Sunday last, following but a few days' illness. He was a native of Kincairdine, Bruce County, Ontario, and was sixty-five years of age. He is survived by his wife and two daughters.

GOODWIN — BROWN

A pretty wedding was solemnized in St. Luke's Anglican church here last Saturday evening, when Marguerita, youngest daughter of Mr. and Mrs. George Brown, was united in marriage to Mr. William Goodwin, oldest son of Mr. and Mrs. Geo. W. Goodwin, of Bellevue, the Rev. A. S. Partington officiating.

The bride entered the beautifully decorated church on the arm of her father and to the strains of the Wedding March played by Miss Madeleine Chardon. She looked charming in her gown of white satin of ankle length and bridal veil caught in calf fashion and set off with orange blossoms, and with matching accessories. Her bouquet consisted of Madame Butterfly roses and white carnations.

The bride was attended by her sister, Miss Amy, who chose for her dress a pale green satin with white tulle and shoes to match; her bouquet was also roses and white carnations. Mr. William Anderson of Coleman, acted as groomsmen.

Following the ceremony, a reception was held at the home of the bride's parents, where 40 invited guests were present for the wedding supper, for which the bride's table was centred with a three-tiered wedding cake.

After the supper, the Coleman town band made a surprise visit and entertained the happy couple and the many guests with several selections. During the evening, the Green Hill Hotel Glee Club entertained.

The young couple have taken up residence in Bellevue, where Mr. Goodwin is employed with the West Canadian Collieries, Ltd.

DEFEATING THEIR ENDS

The relief commission are supposed to be in Blairmore today, to confer with local authorities on relief problems. As usual, their efforts are to be blocked by the congregation of children of school age and under. For several days past children have been absenting themselves from the school starting in with around twenty, till the number today is seventy-five. The idea, no doubt, has been suggested by Murphy, or some one of his gang, that children should appear as undernourished or underclothed, as possible, in order to sufficiently interest the government through the commission. Some of the children absent today are not undernourished and are not necessarily underclothed and the public at large have much less sympathy with the unemployed movement for that reason. Asked why such condition should be tolerated by the board or the truancy officer, the chairman of the school board answers: "Well, what can you do? Our jails are filled already. Our truancy officer has no power, etc." Well, under ordinary conditions, the parents of the children are held responsible, and right so. It is a case right here of the little tots running the school; then why the necessity of a school board?

THE CHRISTMAS TOYS

An exchange remarks: "This week we took a look through the shops to see just what the little folks are going to have for Christmas."

The toys this year are really wonderful, but we are afraid that it is going to be hard to buy them as in every shop we called on we found the boss and his clerks playing with the toys just like the kiddies hope to at Christmas, and from the look of intense excitement

we question whether the bosses will care to part with their toys.

"There was one particularly interesting toy, the fire chief, an automobile, rubber tires, head lights and all that go to make up a first-class car; but it is impossible to describe all the wonderful toys on display."

"Even if you cannot buy toys this year for the little folks, don't fail to give them a treat and take them through the stores. The little folks will enjoy it and so will you."

WHEAT BOARD NECESSARY TO SOLVE PROBLEM

Calgary, Alberta.—Wheat marketing boards for the large wheat exporting countries of the world, each with control of the entire production of its country, were suggested by Premier J. E. Brownlee, of Alberta, in an address to the annual meeting of the Alberta wheat pool. The government leader suggested Canada should take the lead and establish such a wheat board. The wheat problem would never be solved under the present marketing system, he said.

Intimating the next few months will see methods considered in Canada of implementing a plan for wheat storage limitation, the premier said the plan must only be considered as a temporary measure to aid general world recovery. He recommended each individual farmer reduce acreage and each country place sale of its wheat under one control.

Discussing financial policies, Mr. Brownlee said he hoped when a settled monetary policy was achieved by the United States it would be accepted as a standard for the world. He blamed the world's surplus of wheat on financial policies of Canada and the United States in adhering so long to the gold standard.

The recent international wheat conference in London was the first attempt to break down extreme nationalism, Hon. M. A. MacPherson, Attorney-General for Saskatchewan, told pool members here.

"There is some hope in the world that reason will prevail when 22 nations can get together around a table and agree on an international policy," he said. Mr. MacPherson, who attended the London conference, reviewed the many problems of the present wheat situation.

Hon. John Bracken, Premier of Manitoba, also addressed the delegates.

Mr. Bracken said the problem of grain production had been solved "where it is capable of being solved."

"The problem not solved," he said, "is that of distribution of wealth produced and it is a far more difficult one."

Resigns From Cabinet

Hon. E. B. Ryckman Relinquishes Duties On Account Of Ill Health

Ottawa, Ont.—Hon. E. B. Ryckman, Minister of National Revenue, has resigned, according to an announcement made by the Prime Minister.

Announcement of Mr. Ryckman's resignation was made in the following terms:

"The Hon. E. B. Ryckman, K.C., M.P., Minister of National Revenue since the formation of the present government in 1930, has been compelled to relinquish his ministerial duties because of failing health. He has tendered his resignation to the Prime Minister, and His Excellency the Governor-General has accepted the same. Mr. Ryckman remains a member of the House of Commons."

"The Prime Minister and the members of the government keenly regret that one of their colleagues is compelled, for reasons of health, to resign his cabinet position, and earnestly hope that a good and complete rest will restore him to his normal health."

No mention has yet been made in official circles of a successor to Mr. Ryckman.

Denounces Newsreel

London, Eng.—Times Denies Presentation Of American Sensationalism

London, Eng.—The Times has denounced in a vigorous editorial an American newsreel motion picture showing a reconstruction of the murder of Brooke Hart, wealthy young Californian, and the lynching of his confessed kidnappers.

"This," the Times said, "is the latest and most horrifying manifestation of the growing tendency to sacrifice all decency to sensationalism in presenting news on the screen."

The picture, now being shown in London, closes with a flash of one of the lynched kidnappers hanging from a tree, surrounded by a howling mob.

Newsreels are not under jurisdiction of the British Board of Film Censors.

Want Efforts Continued

Edmonton, Alberta.—Expressing its approval by resolution that Canadian delegates to the league of nations assembly went on record as being opposed to the private manufacture of armaments for profit, the fourth annual peace conference, in Edmonton, urged the government at Ottawa to continue its efforts in this direction.

Market For Liquors

United States To Seek Exchange Of Commodities Abroad

Washington.—The United States will give Canada and other countries a market for their liquors in exchange for a place to sell surplus farm and industrial products.

Such reciprocal trade agreements are now in process of negotiation with several countries.

Government officials made this known at a hearing on a code for importers that would give the federal alcohol control administration authority to limit the volume and origin of wine and spirits imports on a quota basis.

Hastening the administration's plan to be in complete control of the liquor situation December 5—the repeal date—President Roosevelt at Warm Springs named the five members of the federal alcohol control administration that will supervise the industry while congress can enact permanent legislation.

Disclosure of the government's intention to bargain with foreign liquor exporting countries to lower their trade barriers to United States products was made by Mordcai Ezekiel, economic adviser to Secretary of Agriculture Henry Wallace, in testifying at the importers' code hearing.

Although he declined to say with what countries the government was discussing the proposition, Ezekiel said France, Germany and Italy were the largest wine exporting nations and that these had imposed more restrictions against United States farm products than most countries.

Investigate Lynching

Governor Of Missouri Says There Was No Investigation

St. Joseph, Mo.—At the direction of Governor Guy B. McPherson, who attended there was "no investigation" for the mob's action, a state investigation was begun here in an attempt to fix a responsibility for the lynching of Lloyd Warner, 19-year-old negro accused of assaulting a young white woman.

William Sawyer, assistant attorney general, was sent here from Jefferson City to conduct the inquiry.

"If the responsibility for the lynching can be fixed," said attorney general Roy McKittick, "this office will assist and aid in the prosecution."

Governor Park, who ordered out a National Guard tank company in a vain attempt to save the negro from the mob of 8,000 whites stormed the county jail and forced Sheriff Otto Tholson to surrender Warner, said in a statement Wednesday:

"Mob violence, whether in punishment of crime or in attempt to obtain civil rights, is always wrong and destructive of good government. To condone such an offence is to encourage lawlessness, deny the efficiency of the courts and the power of constituted authority."

Ready For Arms Talk

France Willing To Negotiate With Hitler Through Ambassadors

Paris, France.—France is ready for arms talks directly with Chancellor Adolf Hitler of Germany through ambassadors, foreign office officials indicated, but all decisions, they think, must be made in consultation with others of the war-time cabinet.

Premier Mussolini's pressure to utilize the four-power peace pact signed by France, Germany, Italy and Great Britain, and the British disposition to mediate, it was said, tend toward direct negotiations because France is anxious to avoid little group meetings where she would be urged to sign on the dotted line.

Settlement Plan

British Farmers May Be Established In Edmonton Area

Edmonton, Alberta.—Two or three group settlements of British farmers may be established in Edmonton district at no cost to the city, provincial or federal governments, according to Brig.-Gen. M. L. Hornby, of Lethbridge, who is a visitor in the city. He is interviewing various authorities in regard to proposals for assisted British settlement.

The general said that no locations in Alberta had been selected as yet, although two locations had been approved in Manitoba and four in Saskatchewan.

Wheat Shipped To Churchill

Prince Albert, Sask.—Two million four hundred bushels of wheat have been drawn from this division of the Canadian National Railways and now are in storage in the Churchill elevator. The grain was supplied by the Saskatchewan wheat pool and will be shipped out by the Hudson Bay route next summer.

Rescue Plane Passengers

Air Hostess Shows Heroism When Plane Forced Down

Windsor, Ont.—Heroism of Miss Kathleen Smith, Chicago, air hostess, helped the rescue of nine passengers and two pilots of a Detroit-bound American Airways plane which crashed through the ice on Lake St. Clair after being forced down by engine trouble. Standing in water up to her neck, Miss Smith assisted the passengers to climb onto the wings of the plane, where they remained until rescuers arrived.

Passengers were loud in their praise of Miss Smith, who had been with the company only six weeks, and Pilot Smith for the careful way in which he "panicked" his machine in landing.

Five retarded rescuers who hastened to the scene. It was necessary to break a channel to the stranded plane and for about 20 minutes the passengers and crew watched the battle with the ice until the boats reached the side of the plane. Thoroughly called and most of them drenched, the 12 were rushed to a cottage near the river side and given attention. No one was hurt in any way.

Trade Is Doubled

South Africa's Special Agreement With B.C. Brings Results

Vancouver, B.C.—British Columbia trade with South Africa has almost doubled since the special trade agreement went into effect June 30 of this year, and most of the business has flowed through the port of Vancouver, according to a report just issued by the Vancouver board of harbor commissioners. In July, August and September, the values of the export this year was \$2,096,000 as against \$1,079,000 in the corresponding period of 1931.

COMMITTEE TO URGE FEDERAL MARKETING PLAN

Toronto, Ont.—Representing the agricultural interests of the Dominion, a committee was appointed by the Dominion-wide marketing conference to press for federal marketing legislation after the conference and passed a resolution calling for representations to the federal minister of agriculture.

The conference closed with the passing of the resolution.

The committee includes: A. Amos, president of the United Farmers' Co-operative Company, Limited, with R. H. Milliken, K.C., and H. B. Cowan, Peterborough, as chairman, secretary and assistant secretary respectively.

Western members are: W. A. Leander, Winnipeg; A. H. Mercer, Vancouver; P. Roblin, Saskatoon.

The resolution urges the minister of agriculture to "forthwith cause to be prepared a farm products marketing measure which, insofar as federal legislative authority extends, will enable the producers of agricultural products in any part of Canada to take advantage of legislation that may be federal or provincial, embodying the principles of the British Agricultural Marketing Act and that such federal legislation, before enactment, shall be submitted to the committee appointed by this conference to promote the enactment of such legislation."

DUKE OF ATHOLL CONVICTED OF BREAKING LAW

Here we see the Duke of Atholl (left), chatting with a police sergeant outside Bow Street Police Court in London, after he had answered a summons alleging an infringement of the Lotteries Act of 1932. The Duke conducted an Appeal Fund for British hospitals and issued tickets. He was found guilty and his conviction cost the 66-year-old Scottish peer a fine of £25 and court costs of 35 shillings, whereas his "appeal" took in £740,732, more than one-third of which was handed over to hospitals. The Duke will appeal the case in a higher court.

SIR ARTHUR CURRIE

Commander-in-Chief of the Canadian Army Corps in France during the Great War, who died in Montreal on Nov. 30.

Stock Awards

Should Be Awarded On Basis Of Real Value

Toronto, Ont.—Unless prizes on the basis of real value are given, the purpose of agricultural exhibitions and the assistance given them by the federal government fail, said Hon. Robert Weir, Minister of Agriculture, in addressing a luncheon of exhibitors at the Royal Winter Fair here.

"For example, if two men sit up with a horse from midnight until the time he enters the ring, making one had look like the other good one, and the horse wins, it isn't the horse that wins, it is the two men who sat up with him," remarked the minister.

Mr. Weir said exhibitions should stress in their prize lists the importance of breeding qualities. Unless the get of a sire or dam showed some of the characteristics that made the sire or dam a prize winner, the awards were not made on a true standard basis, he said.

The federal minister addressed a distinguished gathering that included Hon. W. C. Buckle, Saskatchewan Minister of Agriculture, and Hon. George Hoadley, Minister of Agriculture for Alberta.

Fire At Indian School

Laundry And Hospital Of Alberta Institution Were Destroyed

Grouard, Alberta.—Fire, which broke out in a laundry room, destroyed the laundry, hospital and two adjoining classrooms at the St. Bernard Indian Settlement, a Roman Catholic institution near here.

School dormitories and the bishop's palace were saved by valiant work on the part of boys and girls and residents of the settlement according to word reaching here. There was no loss of life.

Rt. Rev. Bishop Guy, in whose diocese the fire occurred, is receiving treatment at St. Boniface, Man.

Limit On Dumping Duty

Ottawa, Ont.—An order was issued by the Department of National Revenue late Wednesday that Canada would not impose a dumping duty to offset depreciated currencies of foreign countries unless the foreign currency was at a discount of over five per cent. in relation to the Canadian dollar. This will have a far-reaching effect in connection with imports from the United States.

Christmas Broadcast

Bells From Church Of The Nativity At Bethlehem To Be Heard

Ottawa, Ont.—The Canadian radio broadcasting commission arranged to co-operate with the British broadcasting corporation in its plans for an empire Christmas broadcast program. The program will include messages from Ottawa to other parts of the empire.

Under the revised plans of the British broadcasting corporation, one part of the empire broadcast will take place December 24. This will be a broadcast from Bethlehem of the bells of the Church of the Nativity. It will come through at 3 p.m., Eastern Standard Time, in Canada.

On Christmas Day the broadcast will start at 9 a.m. (E.S.T.), in Canada. The first 45 minutes will be largely taken up with a description of the celebration of Christmas in various parts of the old land. The following 15 minutes, until 10 a.m. (E.S.T.), will be occupied by messages of greeting from various parts of the empire.

Finally, from 10 to 10:05 a.m., there will be a message from Sandringham by His Majesty, the King.

The Canadian radio commission has arranged to bring the program to Canada by transatlantic cable and will distribute it over its network wires to broadcasting stations in all parts of the country.

Alberta Pool Earnings

Figures Show Net Amount Of \$179,054.64 For Year Ending July 15

Calgary, Alberta.—Operations of the Alberta Wheat Pool for the business year ending July 15 showed earnings of \$97,948.88, it was reported to the annual meeting by R. D. Purdy, general manager.

Net earnings were \$179,054.64, after providing \$358,000.04 for depreciation and payments of \$283,450 interest to the Alberta Government in connection with the 1929 overpayment.

Total holdings of the pool during the year were 488,360 bushels, showing an average of 105,233 bushels per elevator. In 1932 the total handled by pool elevators was 91,411 bushels per elevator.

PASSING OF GENERAL SIR ARTHUR CURRIE

Montreal, Quebec.—Sir Arthur Currie, commander-in-chief of the Canadian corps in France, died here Nov. 30. He was 57 years old. Since 1920 he had been principal and vice-chancellor of McGill University. Death occurred at 2:50 a.m.

Sir Arthur was taken to hospital Nov. 7 suffering from blockage of a blood vessel in the mid-brain.

The famous soldier made an impressive last fight. Pneumonia developed Sunday to complicate his condition, however, and hope had to be abandoned.

Sir Arthur's distinction was chiefly due to his success as a soldier and a commander, but capacity for organization led to his reputation being further enhanced after he became head of McGill.

Arthur William Currie was born in Napperton, Middlesex County, Eng., Dec. 5, 1872. He went to the Pacific coast in 1894 and soon took an interest in military affairs in Victoria. He went overseas with the rank of brigadier-general as commander of the 2nd Canadian infantry brigade. In September, 1915, he was appointed commander of the 1st Canadian division, which post he held until he became commander-in-chief of the Canadian corps.

Besides Lady Currie, Sir Arthur is survived by one son, Garner Ormsby Currie, a student at McGill, and one daughter, Mrs. A. T. Galt Durnford, wife of a well known Canadian officer. Lady Currie was Lucy Sophia, daughter of Mr. and Mrs. William Chaworth Chaworth-Musters, Nottingham, England.

In 1917, after the battle of Vimy, Sir Arthur became commander-in-chief and received his title K.C.M.G. He had received the first order of knighthood, Commander of the Bath, in 1915 following the second battle of Ypres.

The tragic victory of Passchendaele was won in November, 1917, and he organized the preparations for the 1918 offensive. On August 8, 1918, Sir Arthur led the Canadian corps—developed to a high state of efficiency—at the battle of Amiens and the victorious advance. The battle of the Canal du Nord, perhaps the most brilliant feat of arms in the war, was planned and carried out by the Canadian commander.

SAYS BRITAIN MUST BUILD UP HER AIR FORCE

London, Eng.—Emphasis to Britain's policy that the principal nations of the world should seek parity of air power was given in the House of Lords by the Marquess of Londonderry, secretary for air. It was coupled with the threat that if other nations are unwilling to reduce their air arms to the level of Britain's this nation will have "no option but to begin to build up powers."

The House of Lords was presented with figures purporting to show Britain has lost her position of first ranking air power and has fallen to fourth place. With this was coupled the assertion that the British air force is considered a defensive arm.

The marquess' remarks, considered an expression of government policy, caused one of the most extraordinary scenes ever witnessed in the House of Commons when members found themselves unable to gain any information on it from government leaders in that chamber.

To the lords the marquess said: "The approval for an increase in American air strength and the embarkation of an enlarged program by the Japanese and Russians are causing great concern. He expressed the hope the powers would agree on figures that would bring parity at the lowest possible figure."

A short time ago in the House of Commons, when Morgan Jones, Laborite, walked over from the House of Lords where he had been listening to Lord Londonderry and attempted to question the government on that speaker's statement.

For hours previously the House had been debating a private member's motion—a motion which affords opportunity for debate but does not bind the government—urging inadequacy of the present air defense.

Imperial Co-Operation

Strong Policy Is Necessary To Overcome Difficulties

London, Eng.—"We must recognize that for the time being world co-operation is impossible, and concentrate upon devising ways whereby we of the British Empire can help ourselves to overcome immediate difficulties. We must get our people back into employment," declared Stanley Bruce, Australian high commissioner to Britain, in a speech before the Empire Industries Association.

Failure of world conferences and of world co-operation made a driving force embracing the whole Empire imperative, said the former Australian prime minister. He suggested creation of a small group of the best men available, to devote all their time to formulating a strong resolute policy of imperial co-operation.

Obstacles to British trade have arisen in the form of prohibitions, quotas, and tariffs, Mr. Bruce went on, and the development of Japan, with her different standards of living had created a new problem. The paramount necessity at present was a strong policy of imperial co-operation, in his opinion. He suggested such a group as he mentioned might be presided over by his own cabinet minister, if that were deemed desirable.

Messages Of Condolence

King And Queen Send Message To Lady Currie

Montreal, Que.—Lady Currie received two messages from His Excellency the Governor-General, one on behalf of King George and the other a personal one from Lord Beasborough, which post he held until he became commander-in-chief of the Canadian corps.

Besides Lady Currie, Sir Arthur is survived by one son, Garner Ormsby Currie, a student at McGill, and one daughter, Mrs. A. T. Galt Durnford, wife of a well known Canadian officer. Lady Currie was Lucy Sophia, daughter of Mr. and Mrs. William Chaworth Chaworth-Musters, Nottingham, England.

The Governor-General's personal message follows:

"I have heard with deep regret of the death of your most distinguished husband. His passing is a loss, not only to the university and the city which claimed him but to all Canadians, especially those who had served under him as soldiers."

This Claim Is Different

Toronto, Ont.—R. H. Nell appeared before the pensions commission here and asked for a pension increase for loss of his hair during the war. He claimed "fever contracted in the trenches" removed his hair. Nell maintained he should be recompensed for the cost of five wigs.

IT HAPPENED IN

GRANDE PRAIRIE

Not so very long ago—on Friday of last week, to be precise—a gentleman walked into a local store and ordered slightly more than \$17 worth of merchandise. He seemed very pleased with the purchases he had made and told the clerk as much. He paid cash for the goods and walked out with the somewhat bulky parcel under his arm.

The clerk felt pleased. Thought he to himself: "That fellow was a real good scout. Can't remember having seen him before. Perhaps he will be a regular customer."

Sure enough the same gentleman dropped into the store on the following morning—Saturday. The same clerk approached him and got a most agreeable surprise when the customer said "I want to duplicate the order I got yesterday."

The nature of the goods bought was such that the clerk was momentarily at a loss to understand what on earth the gentleman wished a duplicate order for. To make sure the whole thing was not a joke, he asked the customer about it. The customer's reply was to this effect:

"I had intended to send out of town for those goods. In fact I had the order made out when I came to town yesterday. You can believe it or not, but I saved about 50c over catalogue prices by buying here. Not only that, but I could see what I was getting and had immediate delivery of the goods. When I got home last night I showed the goods to my brother, and as I was coming to town again this morning, he asked me to get the same goods for him."

The above little story is not a fairy tale. It actually happened. It only goes to prove beyond any doubt whatever, that right here in your own home town you can get better value for your money than you can get elsewhere.

At this season of the year when there seems to be somewhat of a thrill to actually sitting down and writing out an order for goods, it would be well to bear the above little story in mind.

If you must make out an order, by all means take it in to your local dealer and let him get the prices on the same articles. If you will do that much, the chances are about five to one that your local merchant will have the pleasure of serving you.—Ex.

N.B.—The above is reprinted in the interest of people who will judge the merchant by his system of advertising, and who is wise enough to patronize the paper that will grant an amount of space free gratis for practically every week of the year in his or her interests.

HISTORICAL LAKE

Bermuda, December 4.—The pitch lake of Trinidad, in the British West Indies, was famous even in Sir Walter Raleigh's time, for on his visit to the island in 1595 he attacked the settlement of St. Josef de Oruna, where the present town of St. Josef stands, seven miles inland from Port of Spain, which was held by the Spaniards. After destroying it, he caulked his ships with pitch from the lake which was called by the natives "Piche" and by the Spaniards "Tierra de Brea" (the Pitch Lake). The island was discovered by Columbus during his third voyage of July 31, 1498, and ceded to Great Britain in 1802. The pitch lake is an object of interest to the many Canadians who visit Trinidad on C.N.E. liners to the West Indies.

THE PREMIER'S BLIND SIDE

Premier R. B. Bennett has taken to the air to tell his story to the electorate. He is using the radio at intervals, in order that the people of Canada may hear his explanation of affairs. Henceforth the voice of Canada's premier will be heard across the Dominion, expounding his policies and doctrines.

The idea is a very good one. One objection to it is that it is copying President Roosevelt. We are quite accustomed to Canadians imitating our southern neighbors in almost everything they do or say, but hardly expected Hon. Mr. Bennett to fall for the habit.

However, that comment is aside from the main issue, which is that the Canadian premier is apparently going to take the electorate into his confidence. There is no man in the world who has worked harder for his country than has Premier Bennett. No premier of any country is more zealous, more devoted to his state, or more ambitious for his country, than is Premier Bennett of Canada. The man has one blind side, however, and that has militated against him. He has no fair for publicity.

What Premier Bennett needs more than anything else right now is proper publicity. The man is somewhat self-centered and proud. He may well be that, for he has accomplished great things on his own ability. But this has reacted against him in his contact with the people. Wise publicity could have presented him to Canadians in an entirely different light than that in which he now stands. But apparently he would have none of it.

The premier has antagonized the press of Canada. This was ill-advised and unnecessary. In return, the newspapers have portrayed him as an arrogant autocrat. He has gone out of his way to make enemies among newspapermen, which is usually fatal to public men. Had he used different tactics and made friends with the newspaper and newspaper men, there would be a different story to tell. If the premier thinks that he can get his story across to the people, and be made to appear in a favorable light, solely through radio talks, he is badly mistaken. The press is still the most powerful publicity medium.—Hanna Herald.

Blief that Newfoundland is entering an era of prosperity by relinquishing her rights to the status of a dominion until she becomes self-supporting again, was expressed in the speech from the throne on December the 2nd, when the legislature was prorogued, after approval of the Annuity report.

Cups and medals to members of the Canadian Pacific Railway police revolver team of Ontario were recently presented by H. J. Humphrey, general manager, eastern lines of the company. The team made a clean sweep during the current year of all competitions open to police revolver teams throughout the Dominion.

Dr. J. S. Hynes, of Clareshol, formerly of Blairmore, received word last week that his father, J. A. Hynes, of Kensington, Prince Edward Island, had passed away. Deceased was 87 years of age. Only a couple of months ago, Dr. Hynes made a journey east to visit his father. Miss Hynes, a daughter, resides in Calgary.

Of the 22,000,000 people who attended the Century of Progress Exposition at Chicago, at least 12,000,000 visited the Canadian display in the Travel and Transport Building, it is estimated by F. P. Cosgrove, of the Canadian Government Exhibition Commission. The display was organized by the Department of Trade and Commerce, the Canadian Pacific and Canadian National Railways.

More heads of industries and businesses should travel to see for themselves where business opportunities exist, declared Sir Harry McGowan, director of Imperial Chemicals Limited, London, Eng., who arrived recently from the Orient aboard the Empress of Canada.

A certain local individual, not worthy of any reference here, who takes umbrage to reference to his being closely related to another party who recently landed in the clutches of the police and the courts, should recall some of his past history, and figure it wise to stay mum.

Immigration can provide the fundamental solution to the problems confronting Canada today, said Gordon W. Scott, member of the legislative Council, province of Quebec, in a recent address. He stated that Canada had flourished during the years when immigration was at its heaviest.

E. McCracken, of Macleod, has been transferred from this division of the C.P.R. to Lethbridge, and is succeeded on this territory by G. M. Cordingley, of Lethbridge. Mr. McCracken has held the position of assistant superintendent here since December 1929. Prior to coming to this division, he was assistant superintendent at Calgary. Mr. Cordingley has held a similar position at Lethbridge for the past five years, previous to which he was chief dispatcher at Saskatoon.

Some slight concessions were granted at a recent meeting of the Amateur Athletic Union of Canada at Winnipeg. Alberta's delegate, E. D. Batrum, was unable to secure sufficient support to achieve the objective in full, but as a direct result of his efforts, the convention unanimously put into effect provision that any athlete who had lost his amateur status, but who had not played professional sport for three years, could be re-qualified as an amateur upon his making application to the governing body of the sport concerned. In order to have any player take advantage of this provision, for the 1934 season, it will be necessary for him to file his application with Mr. Batrum not later than December 15th, 1933. Applications must conform to regulations laid down by the Dominion body. For further particulars, write E. D. Batrum, 216 Burns building, Calgary.

COWLEY HAPPENINGS

A very successful dance was held in the L.O.O.F. hall on Friday night, under auspices of the hockey club. After expenses were met, twenty dollars was realized.

On Friday afternoon, Kenneth Johnson died of sleeping sickness at the home of his father-in-law, James Smith, Lundbreck. The remains were laid to rest at Pincher Creek on Monday. Mr. Johnson leaves a young wife and infant son.

A dance was held in the Todd Creek schoolhouse on Wednesday night, in aid of the Christmas tree fund there.

Inspector Bremner was visiting schools in the district this week. Mrs. Jimmie Bickell is spending a few weeks visiting friends at Nobleford.

Rev. Mr. Larke, of Blaimore, will conduct service in the United Church here next Sunday at 8 p.m.

On Tuesday afternoon a windstorm, reckoned to be travelling at the rate of 75 miles an hour, did considerable damage all over the district, upsetting many small buildings, ripping off shingles and doing general damage to larger structures, such as dwellings, warehouses, grain elevators, etc. There was also considerable loss through the scattering of hay and straw stacks. The wind lulled, having spent its fury about 6 o'clock, when snow began to fall.

In certain parts of the States, if you wish a drink of beer or liquor, you must first go into a diningroom or a restaurant and order a meal. Then you have the rather unusual and pleasant (?) opportunity of imbibing the terrible stuff in disgustful company. And still the sands of time keep rolling.

Varicose or Swollen Veins--Ulcers

You poor sufferers from bad legs! What misery you have endured! What crippling discomfort! But here at last is help for you! No operations nor injections. No enforced rest nor time off from work. A simple home treatment with Emerald Oil heals your sores like magic, reduces swelling, ends pain, and makes your legs as good as new--while you go about your daily routine as usual.

Follow the directions--you are sure to be helped--money back at the Blaimore Pharmacy and druggists everywhere.

At the recent annual meeting of the Crow's Nest Pass Musical Festival committee, election of officers resulted as follows: H. T. Halliwell, of Coleman, president; J. E. Upton, of Blaimore, vice-president; Mrs. J. H. Farmer, of Blaimore, secretary-treasurer. The executive committee comprises L. L. Morgan, W. H. Chappell, Miss M. Chardon, Mrs. L. L. Morgan, Blaimore; Dr. G. B. Rose, W. H. Moser, Hillcrest; G. Pattinson, Coleman; finance--Robert Gray, J. E. Upton, G. Pattinson, G. E. Cruickshank, W. Kerr. Syllabus committee--Miss Chardon, J. E. Upton, W. H. Moser, T. S. Beynon and W. J. Harris. The general committee was chosen from Macleod, Pincher Creek, Cowley, Bellevue, Hillcrest, Blaimore, Coleman, Fernie, Michel, Natal, Corbin, Cranbrook and Kimberley. The area of the festival district was extended to include all points east to Medicine Hat and north to Okotoks and Blackie.

Mr. Skinner, of Coleman, rendered two very fine solos at the Hillcrest United church on Sunday evening last. Rev. John Wood was in charge of the service.

Skeptical newspapermen have listened to claims of Robert Stepp, Regina, that he was considering an offer of \$3,500,000 from a foreign power for an undersea warship he says he has invented.

SPECIAL YEAR-END

HOLIDAY FARES

Winnipeg, December 4.--Special low fares with generous time limits for the return trip will be available on Canadian railroads for the Christmas and New Year holiday periods. It was announced today by J. B. Parker, secretary of the Canadian Passenger Association. The low rate tickets will be good between all stations in Canada and also between points in Canada and certain United States destinations.

Tickets for the return journey will be sold at the ordinary one-way first-class fare and a quarter. These will be good for the going journey from Thursday, December 21, to Monday, January 1st, inclusive; and good for the return journey leaving destination not later than midnight, Monday, January 8, 1934.

Tickets will be sold also, good between stations in Canada for the return trip at the ordinary one-way first-class fare, going on trains on and after 5.00 a.m., Saturday, December 23rd, to Monday, December 25th, inclusive, and good returning on any train which will reach the original starting point up to midnight of December 26; and for New Year's, good going on any train on and after 5 a.m., December 30th, to January 1st, inclusive, and returning on any train which will reach the original starting point up to midnight January 2.

Special arrangements have also been made for tickets for teachers and pupils at educational institutions, which will be good for the period of the Christmas and New Year vacations. The regular one-way fare and a quarter will apply for the return trip on these tickets.

ODE TO THE HORSE

O horse, you are a wondrous thing--no horn to honk, no bells to ring no license buying every year, with plates to screw on front and rear. No spark plugs missed, no gears to slip; you start yourself on every trip. No gas bills mounting every day, to steal the joys of life away. Your inner tubes are all O.K., and thank the lord they stay that way. Your spark plugs never miss and fuses; your motor never makes fuss. Your frame is good for many a mile; your body never changes style. Your wants are few and easy met. You have something on the auto yet.

Wins Poultry Prizes

Dick Irvin, famous Hockey Player Is Poultry Fancier

Dick Irvin, coach of the Toronto Maple Leafs hockey team, knows how to turn out smart poultry as well as smart hockey players. He showed the best Wyandotte cockerel at the Royal Winter Fair and captured sixth and seventh prizes with a hen and a pullet.

This is the second time the well-known sportsman has walked off with honors for chickens at the Royal. He showed for the first time last year, and at that time won third and fourth prizes in Wyandottes. Mr. Irvin hails from Regina, and his win makes the first time this prize has been taken by the west.

There are others in the sports world who chase pucks in the winter and raise chickens, cows and horses in the summer, it was learned. Buzz Boll, of the Maple Leafs, Mr. Irvin said, has a ranch at Regina. The famous Boston Bruin hold-out, Eddie Shore, and the Cook Brothers of the New York Rangers are neighbors, as distances go in the west, of the Irvin ranch.

Mr. Irvin has been raising chickens for 22 years—ever since he demonstrated a preference for Regina over his native city, Hamilton.

He also raises racing pigeons and Great Danes.

"I'm coming back to get the Leghorn prize next year," he said.

A Hungry Population

The following is an estimate of what the London Zoo needs for food for the animals: Apples, 8 tons; grapes, 2 tons; currants, 10 cwt.; nutmegs, 52 lbs.; oranges, 14,689; meat, many tons; egg yolks, 140 lbs.; eggs, 30,000; syrup, 201 lbs.; condensed milk, 18,000 lbs.; and 456 gallons of dates, 18 cwt.; nuts, 15,000 lbs.; biscuits, 15 tons; honey, 51 lbs.; bread, 6 tons; vegetables, 30 tons; fish, 15 tons.

Prison Has Model Dairy

Surroundings Of Reformatory At Bakersfield, California, Are Attractive

Being a rosy-cheeked milkmaid in an Adam's Eden is no great attraction for any woman, ancient or modern, according to the theory of Sheriff Cas Wallace, of Kern County, California, a first-class cowhand.

"They will get tired of it," commented Sheriff Wallace, on a visit to the new State Prison for Women, which includes a model dairy. The sheriff's comment was prompted by the arrival of thirty additional women prisoners from San Quentin. The first contingent of 28 women arrived at the new institution last month. The prison will soon provide sanctuary for 145 women prisoners.

The model reformatory is in a secluded valley fifty miles east of Bakersfield in the mountains.

Each inmate has an attractive room, and each dormitory has a separate kitchen and dining room.

The group of buildings was erected at a cost of \$500,000 on an 1,800-acre farm which the women will operate.

Motorists Meet Crocodile

Contended Right-Of-Way On Kenya Colony Bridge

A huge bridge which spans the head waters of the Nile at Jinja, Kenya Colony, carrying rail and road traffic, is also appreciated by wild animals. Two motorists were startled when their lights picked out in the middle of the road over the bridge the huge form of a crocodile, which snapped its jaws threateningly, and refused to move. The motorists were compelled to shoot it.

Recipes For This Week

(By Betty Barclay)

WASHINGTON FRUIT PARFAIT

2 cups cooked prunes.
1/2 cup sweetened condensed milk.
1/2 pint whipping cream.
2 oranges.
12 candied cherries.
Remove pits from prunes and cut into small pieces. Peel oranges, removing all white membrane, and cut oranges into small pieces. Cut eight cherries into small pieces, saving four to decorate ice cream. Whip cream. Combine prunes, oranges, cherries and condensed milk, mix thoroughly, add whipped cream and mix again. Pour into refrigerator pan, decorate top with remaining sliced cherries, place in freezing unit and freeze three or four hours.

QUICK CABBAGE

1 1/2 quarts shredded cabbage.
3 cups milk.
1 cup cream or rich milk.
2 1/2 tablespoons butter.
2 1/2 tablespoons flour.
2 teaspoons sugar.
Salt and pepper.
Cook the cabbage for two minutes in the three cups of hot milk. Add the cup of cream or rich milk, the blended butter and flour, sugar, salt and pepper. Cook rapidly for three or four minutes. The result is a crisp vegetable, delicate in flavor and color.

To Protect The Foolish

New York Bars Sale Or Use Of Eyebrow And Eyelash Dyes

The sale or use of eyebrow and eyelash dyes containing harmful ingredients was banned in New York recently, as health authorities sought to curb the spread of eye maladies in the city.

Health Commissioner Shirley Wynne announced that the Board of Health had amended section 128 of the sanitary code to prohibit the manufacture, sale or use of dyes containing high percentages of aniline derivatives or silver nitrate.

Semed Unreasonable

"Want made your sister so mad?" questioned Jimmie.
"Ah, she don't know what she wants," returned Bobbie in disgust. "She sent me to the drug store to get some cold cream, I got ice cream, because that's the coldest kind they had, an' now she's sore about it."

Italy's New Postage Stamp

Series To Celebrate Tenth Anniversary Of Fascist Government

To celebrate the tenth anniversary of the Fascist Government of Italy, Signor Mussolini has issued a series of new postage stamps, among them a design which has caused much comment and opposition from the Vatican.
The brown oblong 30 Centesimi stamp sets forth in the center the word "Fascism" standing on a pedestal, which rests on the wings of an eagle, symbol of inspiration. On the open page of the book is inscribed the word "Evangelism." On the lower part of the stamp is the word "Credo." Believe. In the rear of the open Bible is the Cross, not the crucifix. On the left, before the Bible and the Cross, are the flags of Italy and the emblem of the Fascist regime, lowered in salute.

Narrowly Escaped Tax

Pitt Once Had Idea To Make "Unbelievable" Tax Revenue
"Unbelievable" has the distinction of being one of the few articles in common use which have never been taxed, but once at least they had a narrow escape, says the Manchester Guardian. When Pitt was looking round for additional sources of revenue to finance the war with France he wrote to a friend in Somersham inviting suggestions. Back came the reply: "The unbearably and malevolent suggestion of a tax on the word 'unbelievable' for the prayer for rain to be held in all the churches till the end of the war." Perhaps Pitt doubted the compliance of the bishops, for the suggestion was not adopted.

Climbs High Mountain

Old Scotchman Succeeds In Reaching Summit Of Ben Nevis

Unusual record was set by Ex-Proctor James Fisher, of Rothsay, Scotland, who is just seventy-eight. He claims to be the oldest man in Great Britain to climb Ben Nevis. He was four hours in making the ascent, and was unaccompanied, although he met visitors at the top, one of whom signed his card. He did not, he states, feel fatigued, but only a little thirsty.

SUNDAY SCHOOL LESSON

DECEMBER 10

PAUL IN CAESAREA

Golden Text: "Herein I also exert myself to have a conscience void of offense toward God and men always."—Acts 24:16.
Lesson: Acts, Chapters 21, 26.
Devotional Reading: Psalm 21:1-8.

Explanations and Comments

Accused By Tertullus, 24:1-9.—Lydia, the Chief Captain, had charged Paul's accusers to appear against him before Felix. Within five days the high priest Ananias with a deputation from the Sanhedrin arrived in Caesarea. Paul was summoned for trial. Tertullus, the advocate whom the Jews had engaged, presented their case against him. After fulsome words of flattery for Felix, even expressing gratitude for his reforms, Tertullus accused "this pestiferous fellow" of three things: inciting disturbance among the Jews through out the Roman Empire—an offense against the Roman law; being the leader of the sect of the Nazarenes, an offense against the law of Moses; and defiling the temple—an offense against both the law of Moses and the Roman law, since the latter protected the Jews in their worship. When Tertullus concluded his speech, the deputation of Jews emphatically endorsed all that he said.

Felix's Defense, 24:10-21.—When Felix made a gesture signifying that Paul should make his defense, Paul with quivering lips answered the charges that had been brought against him. He began in a courteous way, saying that he spoke with great confidence because Felix had judged his nation for some time and was well acquainted with the state of affairs. Contrast his courteous beginning with the fulsome flattery of the opening words of Tertullus.

Then Paul denied that he was a disturber of the public peace (the first charge, verse 21); it had been but twelve days since he came to Jerusalem for the opposite purpose of winning peace. Investigation could be made and no proof of his enemies' charge would be found.

That he belonged to the so-called sect of the Nazarenes Paul acknowledged, but he was not an apostate from the Jewish religion (the second charge, verse 5), for he served the same God and believed the law and the prophets' stand for the Old Testament writings. Christianity, the Way, was not a new religion in Paul's mind, but a development of Judaism. "To believe the Bible is something more than to believe its letter and sometimes something different. It is to believe what God intended by the letter, if the Scriptures taught circumspection and other ceremonies, Paul knew their intent and their limitations. He knew and defined the object of the law (Galatians 3:24). He saw no antithesis between his religion and the law (Romans 7:12; Galatians 3:12).—James M. Stiller.

"I sat alone with my conscience in the place where time had ceased. The life of a man of former living in the land where the years increased, and I felt that I should have to answer the question it put to me. And to face those questions and in that dim eternity."

Officials Strong For

Publicity Board Proposed

Ile Of Man Newspaper Board Suggested With Results

Newspaper advertising has so well paid the Isle of Man this year that the official publicity board is asking the Manx government for an additional sum of \$7,500 for advertising next season to supplement the customary grant of \$33,000 which legislature annually makes for this purpose.

Publicity board officials report they have never previously received so many applications for guides to the island in one year.

W. A. Clague, the secretary, said the efficiency of a judicious newspaper advertising campaign in attracting visitors had long been proved by his board. It was not just a matter of chance—the results could be counted upon.

Going After Business

Germans are pushing business in the Canary Islands more than ever before. The English-built mole at Santa Cruz is being extended by a German firm, and harbor improvements at Las Palmas are in the hands of Germans. Germany has secured the contract for flour for Tenerife, and nearly all the new building done on the islands is in German hands.

A Real Bargain

Sandy Macpherson and Maggie, his wife, stopped in front of a restaurant window in which was hung a card bearing the words: "Luncheon From 12 to 2 p.m., 1s. 6d."

"We'll have our lunch here, Maggie," said Sandy. "Two hours' steady eating for a shilling and six pence is no 'sae bad."

Production in Poland is now above the high of 1932.

A Partner
For Discussion

Nations Cannot Dictate To Germany Says Sir John Simon

Sir John Simon, secretary for foreign affairs, told the House of Commons that Britain intended to do everything possible to make Germany, which withdrew from the disarmament conference at Geneva last month, a partner again in arms discussions.

Sir John said there could have been no procedure more calculated to "drive the iron into Germany's soul" than to have told her that withdrawal from the conference made no difference—that the convention would be completed and then she be asked to sign on the dotted lines.

"Germany," said Sir John, "is not a target for dictation; she is a partner for discussion."

He said the government already has taken steps to play its full part in endeavoring to promote diplomatic consultations.

The foreign secretary told the legislators:

"We have already made it plain to the French Government—unhappily that government fell last night—but I don't believe in this respect that the French policy will change—that if she saw her way to enter into closer communications with Berlin, they would have our complete good will in doing so."

The British Government, Sir John said, had communicated to Chancellor Hitler of Germany "that the whole of our industry and radio facilities for the purpose of trying to bring about a spirit of negotiation and co-operative action instead of keeping Germany at a distance."

"We have," said Sir John, "have communicated to Italy how well satisfied we were to learn she agrees with us in keeping the conference in being, and how satisfied we were that the present procedure, which Italy has been urging on us, was the correct procedure."

Voice Of Firestone

Returns To The Air

Lawrence Tibbett And Richard Crooks To Be Heard Over N.B.C. Network

On Monday evening, December 4th, another series of outstanding radio concerts was inaugurated by the Firestone Tire & Rubber Company. The series of radio broadcasts, which appreciate the best in music and who enjoyed the Firestone concerts in the past, will be played by the Firestone Symphony Orchestra under the baton of William Merrigan Day, brilliant young conductor and protégé of Walter Damrosch.

In response to numerous requests, Lawrence Tibbett, Jr., will resume a series of short dramatic and educational talks which created such favorable comment two years ago. "The Voice of Firestone" will be broadcast over a coast-to-coast N.B.C. Network, C.F.C.P. Montreal and C.R.T., Toronto, at 8:30 p.m., Eastern Standard Time and again at 8:30 p.m., Pacific Coast Time for the Western Provinces.

Souvenir Of The War

Only Thing One Englishman Had Was Leave Certificate

As the result of a chance encounter in Charing Cross post office a week or two ago, I dined the other night with an old comrade of the war. This gentleman, whom he served as a private in the ranks of the same battalion as myself, was then, as he still is, a man of considerable wealth.

He has a fine house in Mayfair, a very pleasant country place too, several cars, and a big staff of domestic servants, including a smart ex-servicé chauffeur. We had not met since going over the top together in 1918, on an occasion that landed both of us on a stretcher. After dinner the talk was naturally of old army days.

I asked my friend whether he had many souvenirs, in addition to some fifteen-year-old scars of his Great Adventure. "Only that," he said, pointing with his cigar at a small framed document on his smoke-room wall. It was a leave certificate, d. by signed by an army M.O., vouching that my host was "free from vermin and scabies."—London Correspondent Ottawa Journal.

Among The Missing

A little boy surprised his parents by refusing to be scared into being good.

"It's no good telling me the angels will write down in their books if I'm naughty," he said. "I might as well tell you they think up in heaven that I'm dead."

"Because I haven't said my prayers for two weeks."

The annual general meeting of the shareholders and directors of the Blairmore Arena Company, Limited, will be held in the office of the Crows' Nest Pass Motors on Wednesday next at 8 p.m.

People in Blairmore are believed to have the toughest legs in the whole world. Every day and every week here, somebody's leg is being pulled—most always by Red leaders—and still all seem to survive, but not quite asgen!

Over forty referees, representing points throughout Southern Alberta, attended the basketball referees' school at Lethbridge on Saturday. Taber, Pincher Creek, Blairmore, Cardston, Raymond, Stirling and Magrath were represented.

Miss M. Chardon, Mr. and Mrs. Stirling Marshall, Mrs. Cruickshank and Miss Jean, Miss Katherine Rose, Mr. and Mrs. W. H. Moser and George Kerr were visitors to Lethbridge last Friday, attending the entertainment presented by the Hart House quartette.
